Annexure - II**MANAGEMENT DISCUSSION AND ANALYSIS REPORT****1. INDIAN ECONOMY:**

OVERVIEW: The company manufactures Phenol based resins and derivatives. During the year, demand for resins remained depressed. Company's products are used by refractory units & steel plants. There was dumping of imported refractories by China. As such local industries suffered and there was tremendous competition between refractory units as well as resins manufacturers.

INDUSTRY STRUCTURE & DEVELOPMENT: In the developing economy, Steel is a vital component to the development. The strength of the Steel Industry shows the growth & development of all major industrial economies. Consumption of Steel is a significant indicator of socio-economic development of the people of the Country. In the last few years, Steel Industry is rapidly expanding in India.

OPPORTUNITIES, FUTURE OUTLOOK & THREATS: The Basic Raw-material – Phenol is manufactured in India by a Government Undertaking and two Private Sector Units and is also imported. Normally there is no problem in procuring the same. But in the last four / five years H.O.C.L Unit remained closed intermittently and supplies remained Erratic frequently during the year. The Company regularly supplies Phenolic Resins to various Refractory manufacturers and to Steel Plants. During the last four / five years there was huge competition from other Resin manufacturers resulting in lower realizations. But due to Covid-19, the Steel Industry has been affected, resulting in overall slowdown in the economy of the country. There was reduction in the prices of raw-materials, which was passed on to the customers, as such there was decrease in the Sales. The company has made production and sales of newly developed product. But due to Covid-19, the customer refused to take the supplies from middle of March 2020. The company is in constant touch with the customer to resume the supplies of the balance ordered quantity. But due to Covid-19, the customer has not yet given instruction to resume the supplies.

2. RESIN INDUSTRY IN INDIA:

There are five – six established manufacturers of Phenolic Resins in India. The industry is dependent on growth of Refractory Industry in the country. But due to import of Refractories from China, Indian Industry is starved of orders, resulting in huge competitions between the Resin manufacturers. Due to this competition, the reduced raw-materials prices were passed on to the customers fully, resulting in lower Sales.

3. OPPORTUNITIES AND THREATS & OUTLOOK IN THE INDUSTRY:

The Basic Raw-material – Phenol is manufactured in India by a Government Undertaking and two Private Sector Units and is also imported. Normally there is no problem in procuring the same. But in the last four / five years H.O.C.L Unit remained closed intermittently. The Company regularly supplies Phenolic Resins to various Refractory manufacturers and to Steel Plants. During the last four / five years there was huge competition from other Resin manufacturers resulting in competitive realizations. With the introduction of new product, the company expects to increase the overall volume of production and sales and also expects to increase the profitability of the company in the coming years.

4. RISKS AND CONCERNS:

RAW MATERIALS PRICE RISK: There are three manufacturers of our basic raw materials-phenol. Shut down of HOCL Plant intermittently pose a risk of getting supplies as well price increase. Besides that there is fluctuation in the prices of Phenol as it is a crude oil base product, which is imported by the middle man. The Company has business understanding with some of the big customers constituting about 30% of the production and sales. According to the said understanding any increase / decrease in price of basic raw-materials is passed on the customers. In the remaining sales also the Company tries to insulate from any fluctuations in price of basic raw-materials to the fullest extent possible.

OTHER BUSINESS RISKS: There is a risk of imports of Refractories from low cost Chinese Refractories manufacturers as well as resins dumped by China and resulting in lower capacity utilization by the Refractory Units consequently the demand for resins was depressed. However, Company has long association with the Refractory Manufacturers, who are satisfied with the quality of the products of the Company. As such, the Company does not see much risk in marketing the products of the Company. The depreciation of the rupee is a big challenge affecting the cost of inputs. The company is dependent on a single customer for the newly developed product. Any event at the said plant of the customer directly affects our production and sales of the newly developed product.

5. RISK MANAGEMENT & INTERNAL CONTROL SYSTEM:

The Company has a robust Risk Management framework to identify, evaluate business risks and opportunities. This framework seeks to create transparency, minimize adverse impact on the business objectives and enhance the Company's competitive advantage. The business risk framework defines the risk management approach across the enterprise at various levels including documentation and reporting. The framework has different risk models which help in identifying risks trend, exposure and potential impact analysis at a Company level as also separately for business segments. The Company has identified various risks and also has mitigation plans for each risk identified. The Risk Management Policy of the Company is available on our website <http://www.sreechem.in/policy.php>

The Board has adopted the policies and procedures for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial disclosures.

6. DISCUSSION ON FINANCIAL PERFORMANCE:

During the year under review, the Company has made Net Profit of Rs. 25.57 lacs as compared to Loss of Rs. 9.95 lacs in previous year. There was decrease in the prices of raw-materials during the year which the company passed on to the customers. Due to decrease in the prices of raw-materials, prices of Finished Products were also reduced, resulting in lower Sales as compared to last year. As informed to the Members last year, the company developed a new product which was well received by the customer. INDEPENDENT AUDITORS' REPORT**TO THE MEMBERS OF SREECHEM RESINS LIMITED****Report on the Audit of the Financial Statements****Opinion**

We have audited the accompanying financial statements of **Sreechem Resins Limited** ("the Company"), which comprise the Balance Sheet as at 31st March, 2020 and the Statement of Profit and Loss (including Other Comprehensive Income) for the year then ended and notes to the financial statements, including a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2020, and the profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibility of Management for the Financial Statements

The Company's management and Board Of Directors are responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit and other comprehensive income, changes in equity and cash flow of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind-AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management and Board Of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of Directors is also responsible for overseeing the company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

Due to Complete lockdown, imposed by the Government, to restrict the spread of COVID-19 the audit finalization process, for the year under report, was carried out from remote location i.e. other than the office/factory of the Company, based on the data/details made available and based on financial information/records remitted by the management through digital medium.

On account of COVID-19 related lockdown restrictions, physical verification of inventories was performed by the management subsequent to the year end.

Annexure B to the Independent Auditor's Report
(Referred to in paragraph 2(f) under the heading "Report on Other Legal and Regulatory Requirements" of our report of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Sreechem Resins Limited** ("the Company") as of March 31, 2020 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect

the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

II. Use of Estimates and Judgments

In preparing these Standalone Financial Statements, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from such estimates. Estimates and underlying assumptions are reviewed on an ongoing basis.

Revisions to accounting estimates are recognized prospectively. Information about assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment in the year ending 31st March, 2020 are as follows:

- (a) Recognition of deferred tax assets depends on availability of future taxable profit against which tax losses carried forward can be used;
- (b) Measurement of defined benefit obligations are based on fair value ;
- (c) Recognition and measurement of provisions and contingencies are based on key assumptions about the likelihood and magnitude of an outflow of resources;

III. Functional and Presentation of Currency

The Financial Statements are presented in Indian Rupees (INR), which is the functional currency.

IV. Basis of Measurement

The Financial Statements are generally prepared on the historical cost convention basis.

Based on internal technical evaluation, the management believes useful lives of the assets are appropriate. The depreciation method is reviewed at least at each financial year-end and, if there has been a significant change in the expected pattern of consumption of the future economic benefits embodied in the asset, the method is changed to reflect the changed pattern. Such a change is accounted for as a change in an accounting estimate in accordance with Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors.

The depreciation charge for each period is generally recognised in the Statement of Profit and Loss unless it is included in the carrying amount of another asset.

The residual value and the useful life of an asset is reviewed at year-end and, if expectations differ from previous estimates, the change(s) is accounted for as a change in an accounting estimate in accordance with Ind AS 8. G. Financial Instruments

i. Recognition

Financial assets and liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability. The Company derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired.

ii. Cash and Cash Equivalents

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks and cash in hand which are unrestricted for withdrawal and usage.

iii. Financial Assets at Amortised Cost

The Company's objective is not to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to

cash flows that are solely payments of principal and interest on the principal amount outstanding. These are stated at Cost.

iv. Financial Liabilities

Financial liabilities are classified at initial recognition, as financial liabilities at fair value through Profit & Loss, Loans and borrowings or payables, as appropriate.

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying accounts is recognized in the Statement of Profit and Loss.

Subsequent to initial recognition, these derivatives are measured at fair value through profit or loss and the resulting exchange gains or losses are included in other income or finance cost. Asset / liabilities in these categories are presented as current asset or current liabilities.

vi. Derecognition

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. I. Foreign Currency Transactions

Indian Rupee is the functional as well as presentation currency for the Company. A foreign currency transaction is recorded, on initial recognition in the functional currency, by applying to the foreign currency amount the spot exchange rate between the functional currency and the foreign currency at the date of the transaction.

At the end of each reporting period, foreign currency monetary items are translated using the closing rate whereas non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rate at the date of the transaction; and non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was measured.

Exchange differences arising on the settlement of monetary items or on translating monetary items at rates different from those at which they were translated on initial recognition during the period or in previous Financial Statements are recognized in the Standalone Statement of Profit and Loss in the period in which they arise.

When a gain or loss on a non-monetary item is recognized in Other Comprehensive Income, any exchange component of that gain or loss is recognized in Other Comprehensive Income. Conversely, when a gain or loss on a non-monetary item is recognized in Statement of Profit and Loss, any exchange component of that gain or loss is recognized in Statement of Profit and Loss.

Liabilities for short term employee benefit that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognized in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as 'Employee Benefits Payable' within 'Other Financial Liabilities' in the Balance Sheet.

L. Cash Flow Statement

Cash flows are reported using the indirect method, whereby Profit Before Tax (PBT) is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flow from operating, investing and financing activities of the company is segregated based on the available information.

M. Taxation**Income Tax**

Income tax comprises current and deferred tax. It is recognized in Standalone Statement of Profit and Loss except to the extent that it relates to a business combination or to an item recognized directly in Equity or in Other Comprehensive Income.

Current Tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date.

Deferred Tax

Deferred tax is recognized in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding

amounts used for taxation purposes. Deferred tax is also recognized in respect of carried forward tax losses and tax credits. Deferred tax is not recognized for:

- i. temporary differences arising on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss at the time of the transaction;
- ii. taxable temporary differences arising on the initial recognition of goodwill.

Deferred tax assets are recognized to the extent that it is probable that future taxable profits will be available against which they can be used. The existence of unused tax losses is strong evidence that future taxable profit may not be available. Therefore, in case of a history of recent losses, the Company recognizes a deferred tax asset only to the extent that it has sufficient taxable temporary differences or there is convincing other evidence that sufficient taxable profit will be available against which such deferred tax asset can be realized. Deferred tax assets – unrecognized or recognized, are reviewed at each reporting date and are recognized/ reduced to the extent that it is probable / no longer probable respectively that the related tax benefit will be realized.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realized simultaneously.

N. Provisions, Contingent Assets and Contingent Liabilities

- a) Provision is created when there is a present obligation as a result of past events that probably requires an outflow of resources and a reliable estimate can be made of the amount of obligation. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.
- b) Contingent liability is disclosed by way of notes, unless the possibility of an outflow of resources embodying the economic benefit is remote.
- c) Contingent Assets are neither recognized nor disclosed in Financial Statements.

O. Earnings per Share

Basic and Diluted Earnings per share

The Company calculates basic earnings per share amounts for profit or loss attributable to ordinary equity holders and, if presented, profit or loss from continuing operations attributable to those equity holders.

Basic earnings per share is calculated by dividing the net profit or loss attributable to ordinary equity holders (the numerator) by the weighted average number of ordinary shares outstanding (the denominator) during the period.

The weighted average number of ordinary shares outstanding during the period and for all periods presented shall be adjusted for events, other than the conversion of potential ordinary shares, that have changed the number of ordinary shares outstanding without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the weighted average number of ordinary shares calculated for calculating basic earnings per share and adjusted the weighted average number of ordinary shares that would be issued on the conversion of all the dilutive potential ordinary shares into ordinary shares. Dilutive potential ordinary shares are deemed to have been converted into ordinary shares at the beginning of the period or, if later, the date of the issue of the potential ordinary shares

P. Borrowing Costs

The Company capitalizes borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset as part of the cost of that asset. The Company recognizes other borrowing costs as an expense in the period in which it incurs them. Borrowing costs are interest and other costs that the Company incurs in connection with the borrowing of funds including exchange differences arising from foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs.

A qualifying asset is an asset that necessarily takes a substantial period of time to get ready for its intended use or sale.
